NEWS RELEASE

November 21, 2018

TSX-V Symbol: FCO.V

Fabled Copper Corp. Appoints CFO and Grants Stock Options.

Vancouver, British Columbia. Fabled Copper Corp. ("FCO.V") ("Fabled" or the "Company") is pleased to announce that it has appointed Rodney W. Reum as its Chief Financial Officer, and has granted an aggregate of 4,013,910 stock options to various Directors, Officers and Consultants of the Company.

Mr. Reum is a CGA and has over 35 years of experience in business, accounting and finance in both the public and private sectors. Mr. Reum received his Bachelor of Commerce from the University of Alberta in 1979 and obtained a professional accounting designation (CGA) shortly thereafter. Mr. Reum was a Director, and was President and Chief Executive Officer of Mission Ready Services Inc. from its inception in 2011 until May 2017. Mr. Reum was also CFO and Director of Altek Power Corporation, which was listed on the TSX Venture Exchange and the Frankfurt Exchange and specialized in gas-fired turbine-powered electrical and thermal energy.

Mr. Reum succeeds Mr. Eugene Hodgson, who will continue to act as Fabled's President.

The Company has also today granted an aggregate of 4,013,910 stock options to various Directors, Officers and Consultants of the Company. One half of the options are at an exercise price of \$0.10 per share and the remaining half are at an exercise price of \$0.15 per share. All options are valid for a period of ten years from the date of the grant, and are subject to vesting provisions. The options are granted in accordance with the Company's Stock Option Plan approved by the shareholders of the Company.

The grant of the options has been approved by the Company's Board of Directors and is subject to the final approval of the TSX Venture Exchange.

About Fabled

Fabled is a publicly listed (TSX-V:FCO) mineral exploration company whose primary business interest is in the Muskwa copper property located in Northern British Columbia. Further information about the Muskwa Property can be found in the 43-101 Technical Report on the Muskwa Project filed under the Company's profile on SEDAR at www.sedar.com
